HOUSE BILL 2351 By Givens

AN ACT to amend Tennessee Code Annotated, Title 43, to enact the Southern Dairy Compact.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Tennessee Code Annotated, Title 43, is amended by adding Sections 2 through 12 inclusive of this act as a new, appropriately designated chapter.

SECTION 2. The Southern Dairy Compact is hereby enacted into law by the Tennessee General Assembly and is hereby entered into on behalf of the state of Tennessee, with all other jurisdictions legally joining therein in a form substantially similar to the text adopted herein. The compact shall become effective when enacted into law by at least two (2) other states within the compact group of states in a form substantially similar to the text as follows and when the consent of Congress has been obtained. The text of the proposed compact is as follows:

SOUTHERN DAIRY COMPACT

ARTICLE I. STATEMENT OF PURPOSE, FINDINGS AND

DECLARATION OF POLICY

§ 1. Statement of purpose, findings and declaration of policy

The purpose of this compact is to recognize the interstate character of the southern dairy industry and the prerogative of the states under the United States Constitution to form an interstate commission for the southern region. The mission of the commission is to take such steps as are necessary to assure

continued viability of dairy farming in the south, and to assure consumers of an adequate, local supply of pure and wholesome milk.

The participating states find and declare that the dairy industry is an essential agricultural activity of the south. Dairy farms, and associated suppliers, marketers, processors and retailers are an integral component of the region's economy. Their ability to provide a stable, local supply of pure, wholesome milk is a matter of great importance to the health and welfare of the region.

The participating states further find that dairy farms are essential and they are an integral part of the region's rural communities. The farms preserve land for agricultural purposes and provide needed economic stimuli for rural communities.

In establishing their constitutional regulatory authority over the region's fluid milk market by this compact, the participating states declare their purpose that this compact neither displace the federal order system nor encourage the merging of federal orders. Specific provisions of the compact itself set forth this basic principle.

Designed as a flexible mechanism able to adjust to changes in a regulated marketplace, the compact also contains a contingency provision should the federal order system be discontinued. In that event, the interstate commission is authorized to regulate the marketplace in replacement of the order system. This contingent authority does not anticipate such a change, however, and should not be so construed. It is only provided should developments in the market other than establishment of this compact result in discontinuance of the order system.

By entering into this compact, the participating states affirm that their ability to regulate the price which southern dairy farmers receive for their product

- 2 - *01047216*

is essential to the public interest. Assurance of a fair and equitable price for dairy farmers ensures their ability to provide milk to the market and the vitality of the southern dairy industry, with all the associated benefits.

Recent, dramatic price fluctuations, with a pronounced downward trend, threaten the viability and stability of the southern dairy region. Historically, individual state regulatory action had been an effective emergency remedy available to farmers confronting a distressed market. The federal order system, implemented by the Agricultural Marketing Agreement Act of 1937, establishes only minimum prices paid to producers for raw milk, without preempting the power of states to regulate milk prices above the minimum levels so established.

In today's regional dairy marketplace, cooperative, rather than individual state action is needed to more effectively address the market disarray. Under our constitutional system, properly authorized states acting cooperatively may exercise more power to regulate interstate commerce than they may assert individually without such authority. For this reason, the participating states invoke their authority to act in common agreement, with the consent of Congress, under the compact clause of the Constitution.

§ 8. Powers to promote regulatory uniformity, simplicity, and interstate cooperation

The commission is hereby empowered to:

- (2) Study and recommend to the participating states joint or cooperative programs for the administration of the dairy marketing laws and regulations and to prepare estimates of cost savings and benefits of such programs.
- (3) Encourage the harmonious relationships between the various elements in the industry for the solution of their material problems. Conduct symposia or conferences designed to improve industry relations, or a better understanding of problems.
- (4) Prepare and release periodic reports on activities and results of the commission's efforts to the participating states.
- (5) Review the existing marketing system for milk and milk products and recommend changes in the existing structure for assembly and distribution of milk which may assist, improve or promote more efficient assembly and distribution of milk.
- (6) Investigate costs and charges for producing, hauling, handling, processing, distributing, selling and for all other services performed with respect to milk.

- 9 - *01047216*

(7) Examine current economic forces affecting producers, probable trends in production and consumption, the level of dairy farm prices in relation to costs, the financial conditions of dairy farmers, and the need for an emergency order to relieve critical conditions on dairy farms.

§ 9. Equitable farm prices

- (a) The powers granted in this section and section 10 shall apply only to the establishment of a compact over-order price, so long as federal milk marketing orders remain in effect in the region. In the event that any or all such orders are terminated, this article shall authorize the commission to establish one (1) or more commission marketing orders, as herein provided, in the region or parts thereof as defined in the order.
- shall apply only to Class I milk. Such compact over-order price shall not exceed one dollar and fifty cents (\$1.50) per gallon at Atlanta, Georgia; however, this compact over-order price shall be adjusted upward or downward at other locations in the region to reflect differences in minimum federal order prices.

 Beginning in 1990, and using that year as a base, the foregoing one dollar fifty cents (\$1.50) per gallon maximum shall be adjusted annually by the rate of change in the Consumer Price Index as reported by the Bureau of Labor Statistics of the United States Department of Labor. For purposes of the pooling and equalization of an over-order price, the value of milk used in other use classifications shall be calculated at the appropriate class price established pursuant to the applicable federal order or state dairy regulation and the value of unregulated milk shall be calculated in relation to the nearest prevailing class

- 10 - *01047216*

price in accordance with and subject to such adjustments as the commission may prescribe in regulations.

- (c) A commission marketing order shall apply to all classes and uses of milk.
- over-order price for milk to be paid by pool plants and partially regulated plants. The commission is also empowered to establish a compact over-order price to be paid by all other handlers receiving milk from producers located in a regulated area. This price shall be established either as a compact over-order or by one (1) or more commission marketing orders. Whenever such a price has been established by either type of regulation, the legal obligation to pay such price shall be determined solely by the terms and purpose of the regulation without regard to the situs of the transfer of title, possession or any other factors not related to the purposes of the regulation and this compact. Producer-handlers as defined in an applicable federal market order shall not be subject to a compact over-order price. The commission shall provide for similar treatment of producer-handlers under commission marketing orders.
- (e) In determining the price, the commission shall consider the balance between production and consumption of milk and milk products in the regulated area, the costs of production including, but not limited to the price of feed, the cost of labor including the reasonable value of the producer's own labor and management, machinery expense, and interest expense, the prevailing price for milk outside the regulated area, the purchasing power of the public and the price necessary to yield a reasonable return to the producer and distributor.
- (f) When establishing a compact over-order price, the commission shall take such other action as is necessary and feasible to help ensure that the

- 11 - *01047216*

over-order price does not cause or compensate producers so as to generate local production of milk in excess of those quantities necessary to assure consumers of an adequate supply for fluid purposes.

(g) The commissions shall whenever possible enter into agreements with state or federal agencies for exchange of information or services for the purpose of reducing regulatory- burden and cost of administering the compact. The commission may reimburse other agencies for the reasonable cost of providing these services.

§ 10. Optional provisions for pricing order

Regulations establishing a compact over-order price or a commission marketing order may contain, but shall not be limited to any of the following:

- (1) Provisions classifying milk in accordance with the form in which or purpose for which it is used, or creating a flat pricing program.
- (2) With respect to a commission marketing order only, provisions establishing or providing a method for establishing separate minimum prices for each use classification prescribed by the commission, or a single minimum price for milk purchased from producers or associations of producers.
- (3) With respect to an over-order minimum price, provisions establishing or providing a method for establishing such minimum price for Class I milk.
- (4) Provisions for establishing either an over-order price or a commission marketing order may make use of any reasonable method for establishing such price or prices including flat pricing and formula pricing. Provision may also be made for location adjustments, zone differentials

- 12 - *01047216*

and for competitive credits with respect to regulated handlers who market outside the regulated area.

- associations of producers delivering milk to all handlers of uniform prices for all milk so delivered, irrespective of the uses made of such milk by the individual handler to whom it is delivered, or for the payment of producers delivering milk to the same handler of uniform prices for all milk delivered by them. The prices required by this provision shall not apply to milk marketed, diverted or otherwise delivered to a plant located outside the compact region.
 - (A) With respect to regulations establishing a compact over-order price, the commission may establish either

 (i) provisions for each handler for the payment of uniform prices to producers for all milk delivered to such handler or (ii) one (1) equalization pool within the regulated area for the sole purpose of equalizing returns to producers throughout the regulated area.
 - (B) With respect to any commission marketing order, as defined in section 2, subdivision 9, which replaces one (1) or more terminated federal orders or state dairy regulations, the marketing area of now separate state or federal orders shall not be merged without the affirmative consent of each state, voting through its delegation, which is partly or wholly included within any such new marketing area.
- (6) Provisions requiring persons who bring Class I milk into the regulated area to make compensatory payments with respect to all such milk to the extent necessary to equalize the cost of milk purchased by

- 13 - *01047216*

handlers subject to a compact over-order price or commission marketing order. No such provisions shall discriminate against milk producers outside the regulated area. The provisions for compensatory payments may require payment of the difference between the Class I price required to be paid for such milk in the state of production by a federal milk marketing order or state dairy regulation and the Class I price established by the compact over-order price or commission marketing order.

- (7) Provisions specially governing the pricing and pooling of milk handled by partially regulated plants.
- (8) Provisions requiring that the account of any person regulated under the compact over-order price shall be adjusted for any payments made to or received by such persons with respect to a producer settlement fund of any federal or state milk marketing order or other state dairy regulation within the regulated area.
- (9) Provisions requiring the payment by handlers of an assessment to cover the costs of the administration and enforcement of such order pursuant to Article VII, Section 18(a).
- (10) Provisions for reimbursement to participants of the Women, Infants and Children Special Supplemental Food Program of the United States Child Nutrition Act of 1966.
- (11) Other provisions and requirements as the commission may find are necessary or appropriate to effectuate the purposes of this compact and to provide for the payment of fair and equitable minimum prices to producers.

ARTICLE V. RULEMAKING PROCEDURE

- 14 - *01047216*

Before promulgation of any regulations establishing a compact over-order price or commission marketing order, including any provision with respect to milk supply under subsection 9(f), or amendment thereof, as provided in Article IV, the commission shall conduct an informal rulemaking proceeding to provide interested persons with an opportunity to present data and views. Such rulemaking proceeding shall be governed by section 4 of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 553). In addition, the commission shall, to the extent practicable, publish notice of rulemaking proceedings in the official register of each participating state. Before the initial adoption of regulations establishing a compact over-order price or a commission marketing order and thereafter before any amendment with regard to prices or assessments, the commission shall hold a public hearing. The commission may commence a rulemaking proceeding on its own initiative or may in its sole discretion act upon the petition of any person including individual milk producers, any organization of milk producers or handlers, general farm organizations, consumer or public interest groups, and local, state or federal officials.

§ 12. Findings and referendum

- (a) In addition to the concise general statement of basis and purpose required by section 4(b) of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 553(c)), the commission shall make findings of fact with respect to:
 - (1) Whether the public interest will be served by the establishment of minimum milk prices to dairy farmers under Article IV.
 - (2) What level of prices will assure that producers receive a price sufficient to cover their costs of production and will elicit an

- 15 - *01047216*

adequate supply of milk for the inhabitants of the regulated area and for manufacturing purposes.

- (3) Whether the major provisions of the order, other than those fixing minimum milk prices, are in the public interest and are reasonably designed to achieve the purposes of the order.
- (4) Whether the terms of the proposed regional order or amendment are approved by producers as provided in Section 13.

§ 13. Producer referendum

- (a) For the purpose of ascertaining whether the issuance or amendment of regulations establishing a compact over-order price or a commission marketing order, including any provision with respect to milk supply under subsection 9(f), is approved by producers, the commission shall conduct a referendum among producers. The referendum shall be held in a timely manner, as determined by regulation of the commission. The terms and conditions of the proposed order or amendment shall be described by the commission in the ballot used in the conduct of the referendum, but the nature, content, or extent of such description shall not be a basis for attacking the legality of the order or any action relating thereto.
- (b) An order or amendment shall be deemed approved by producers if the commission determines that it is approved by at least two-thirds (_) of the voting producers who, during a representative period determined by the commission, have been engaged in the production of milk the price of which would be regulated under the proposed order or amendment.
- (c) In order to insure that all milk producers are informed regarding the proposed order, the commission shall notify all milk producers that an order is

- 16 - *01047216*

being considered and that each producer may register his approval or disapproval with the commission directly.

- (d) Any producer may obtain a ballot from the commission in order to register approval or disapproval of the proposed order. No form of block voting will be allowed.
- § 14. Termination of over-order price or marketing order
- (a) The commission shall terminate any regulations establishing an over-order price or commission marketing order issued under this article whenever it finds that such order or price obstructs or does not tend to effectuate the declared policy of this compact.
- (b) The commission shall terminate any regulations establishing an over-order price or a commission marketing order issued under this article whenever it finds that such termination is favored by a majority of the producers who, during a representative period determined by the commission, have been engaged in the production of milk the price of which is regulated by such order; but such termination shall be effective only if announced on or before such date as may be specified in such marketing agreement or order.
- (c) The termination or suspension of any order or provision thereof, shall not be considered an order within the meaning of this article and shall require no hearing, but shall comply with the requirements for informal rulemaking prescribed by section 4 of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 553).

- 17 - *01047216*
